DAYLILIES

Tom Craig

Rancho de las Flores, R. 4, Box 315, Escondido Calif.

HOW TO BUY. Take 1/3 off on orders over \$5.00. Add extra plants acceptable as either extras or alternates. No discount on collections. If you want biggest plants add a bit for postage. This applies to gift plants. Postage limits our extras.

Your **BEST BUY** is a **SURPRISE PACKAGE**. See pages 2, 8, 10, 11, 15. Make a long list from which I may pick your surprises. I have millions of daylilies and iris, but I'm short on many sorts. By giving me a choice, "Surprise Packages" can be filled generously, if your list is long.

* An asterisk before a variety means the iris has one or more aril parents.

★ A star means recommended for your want lists for "Surprise Packets", alternates and extras.

We have selected a long list of finest modern Iris and Daylilies for you to choose from. We cannot begin to list all the sorts grown on Rancho de las Flores. Growth has been abundant this year. Bold stars mark varieites whose performance was exceptional. I guide you to them for your choices as extras and surprise packets. See special offers on pages: 8, 9, 10, 11, and 15.

SELECTED IRIS FOR 1963

- ★ **ABBIE COLLET** (Williams'55) \$1.50
Very blue. Large blossoms. Heavy substance.
- ★ **ADAM** (Craig'62) \$20.00
This huge burgundy red iris is one you will soon know better. It was first selected because of the fine big plant, the rich color and the quality of the big full flower that is born on strong widebranched 40" stems. It has proven to be unusually floriferous in season with good rebloom as well. Vigor and increase are exceptional. It set enormous full pods to each of the few test pollinations put on it; and germination appeared 100%. The first flowering of this small lot of seedlings indicates it is our top red seed parent. We just succeeded in crossing it both ways with a great variety of reds, oncobreds, plicatas, dwarfs, etc. We have great confidence in it.
- AHOY** (Tomp '57) \$3.50
Brilliant rosy toned cherry red, smooth.
- ★ **ALI BABA** (Lyon'52) \$1.00
Deep garnet falls lighter standards.
- ALLAGLOW** (Tomp'58) \$7.50
Bright sunburst gold and bittersweet orange with overtone of copper-yellow. Flash of orchid at beard. Winner of Premio Firenze.

- ★ **ALLEGIANCE** (Cook '58) \$7.50
Navy blue with rich velvet finish. Tops!
- ★ **ALL HONEY** (DeF'56) \$2.50

- ★ **ANYTIME** (Cavagnaro'56) \$4.00
Huge white Lady Mohr seedling.
- ★ **APPLAUSE** (D. Hall'56) 75c
Pale mauve pink, pink beard. Very Fine.
- APRICOT DANCER** (Novd'58) \$3.50
Deepest apricot, red beard, lacy edge.
- APRICOT LUSTRE** (Suiter'61) \$12.50
Fine deep lustrous apricot. Luscious!
- ★ **APRICOT SUPREME** (Tompk.'51) 50c
Deep apricot, beard red.
- ★ **APRIL SHOWERS** (Craig '54) \$1.50
Giant ruffled lemon with vigor, size and stature of Mary McClellan. We have been slow to recognize its true worth.
- ARAKS** (Tim Craig'62) \$12.50
This light red aril bred blend with dark petunia violet beard gives this great beauty combined with novelty. Strong color and heavy bloom make a fine color mass. It is introduced, however, more for great beauty of the novel combinations of smoothly blended colors; Rhododendron, old lilac, rose, bronze and prune enhanced by dark violet beard.
- ★ **ARGUS PHEASANT** (DeF.'48) \$1.00
Beautiful brown.

- ★ **AZURE LAKE** (Tell'52) \$1.00

- BACCHUS** (I.Craig'60) \$10.00
This full vibrant wine-red is very vigorous. Rose ebony iris, brown hafted, violet blazed! Rainbow hues shine from this velvet flower.

- ★ **BIBELOT** (Willbanks'62) \$6.00

Very large, violet.

A new red of huge size with broad, heavily subenced petals.
- ★ **BIG UTE** (Wallace'54) \$1.25

- BLACK HILLS** (Fay'51) \$1.00
Tall ebony-black. Vigorous.

Blue from Wm. Mohr.
- BOB'S BLUE** (Craig'57) \$15.00

DAYLILIES of the FUTURE. Try Craig daylilies! Bred in California, experts here rate them tops. As they become well known they press the fine Milliken varieties for top popularity around here. Craig daylilies are all relatively new. Our aggressive breeding program started around fifteen years ago. The most popular iris in this region, Mary McClellan, resulted from a direct line of crossing we started 24 years ago. Mary McClellan and her contemporaries are already grandparents of our new iris that will be competing for highest honors a dozen years from now. Some of our most popular iris come from lines started even earlier. We are receiving superlative reports on Craig Daylilies from many places: New Hampshire, Massachusetts, Illinois, Kansas, Africa, Hawaii, England, Texas ect. They are NEW! DAYLILIES of the FUTURE!
